Dear Ms. Jeanky S. Mendez,

I am writing to express that I am aiming to be selected as part of the Hooli Software as one of your Back-end Developers. With a strong background in web development especially with passion and motivation in creating responsive and functional websites, I am eager to bring my skills and knowledge that I gained through my course and projects to your esteemed company.

I have honed my skills in back-end development by developing a fully functional website projects, including proficiency in HTML, CSS, PHP, MongoDB, and JavaScript. I also have a background of different languages including Python, Java, Dart, and I am currently studying C#. I have an experience in designing and implementing a responsive, user-friendly and functional websites.

Upon researching your company, I was impressed by your commitment to investing to the young and junior developers, and I am excited to contributing to your team. I am confident that my attention to detail and problem-solving skills have allowed me to deliver high-quality solutions and growth to the company.

Thank you for considering my application, I am looking forward to the opportunity to discuss furthermore how my knowledge and skills can be a big contribute to the company. Please feel free to contact me anytime at +63 908 704 1134 or patrickmperez22@gmail.com in scheduling for an interview.

Best Regards,

Patrick Perez
